

# Sustainable Agriculture and Rural Development in Russian Federation and Kazakhstan

**Erasmus+ KA2 project from 2015 to 2018**  
**561969-EPP-1-2015-1-DE-EPPKA2-CBHE-JP**

- to develop a professional master program on sustainable agriculture and rural development tailored to the demand of regions for professionals in public services, local and regional governments and private service providers
- to build up a knowledge and network platform on sustainable agriculture and integrative rural development with international and regional case studies and examples
- to strengthen competences and inter-regional networks of higher education faculties for conducting target-group specific trainings in the area of rural development
